Dear WisCARES,

I am writing to you as a veterinarian in Dane County. I am working with an individual who currently has at least one pet and could use some support from WisCARES.

I am working with the following office: _____.

I am referring the following individual: _____.

I believe that the individual above is a resident of Dane County. Additionally, I believe that they have veterinary needs that they are unable to pay for at an unsubsidized veterinarian.

I understand that referred individuals must still identify with at least one of these eligibility criteria:

- Currently experiencing homelessness or at-risk of becoming homeless
- Unable to pay for veterinary medical services needed to maintain housing
- Receiving public aid (such as SSI, SSDI, W-2, WIC, Medicare, Medicaid, Section 8, etc)
- Making less than 250% of FPG

Referred individuals may be able to access subsidized cost or free veterinary care, depending on qualification criteria and service required.

Sincerely,

Name Title
